

Request for Hearing Recording

Although the *Residential Tenancies Act, 2006* does not require it, proceedings before the Landlord and Tenant Board are usually recorded. If requested, the Board will do a search for a hearing recording and will provide a copy of it for a fee. No guarantee of the existence or quality of the recording can be provided.

A request for a hearing recording should be made within ten years of the hearing date, because the Board's Rules of Practice allow the recording to be erased after this time.

This request for a hearing recording **must** be accompanied by a \$16.15 fee per disk that is requested. (This amount includes the HST.)
